JESSICA JJ BRYANT

PROFESSIONAL SUMMARY

Creative web developer looking for employment where I can enhance your business success story. Passionate about researching, problem solving, and streamlining code. Attention to details, interesting visuals, and artistic flair are also strengths. Looking to move into a new field where I can find the success I did as a teacher (teaching is no longer for me; give me a chance to explain why in a sentence or two). Remote or Central Kentucky positions.
